

System 6000™ Interactive Training CD

Supplements Your In-House Training

Enhance and refresh current employee knowledge
or accelerate the learning curve for new employees
with SAFLOK™ System 6000 training CD's.

This two-CD set contains step-by-step instructions for operating System 6000, enabling both property managers and employees to study at their own pace. It is an excellent tool for enhancing your initial training of new employees as well as for periodic review with existing employees.

With a click of a mouse, the menu driven program allows you to easily access specific sections or review the entire program.

Each of the training program segments cover areas specific to property managers, front desk personnel and maintenance employees. An overview of the SAFLOK System 6000, various lock features, making guest keycards and encoder troubleshooting are just some of the topics covered. Everything you learned about System 6000 during initial training is reviewed on this two CD set.

Users can easily navigate through the program at their own pace.
